CRIME STATS

Crimes, ASB and other incidents recorded in your area are now available on the website - www.police.uk

CURRENT PACT PRIORITY

Increase in acquisitive rural crime. Local officers to target known local individuals in order to disrupt offending. Regular liaison with Newtown and Knighton officers in order to share intelligence with reference to cross border offenders. Summer 2016 had seen a rise in daytime thefts from remote farms located down private drives, numerous reports of suspicious vehicle being seen at farms during daytime, some farmers likely to be out harvesting and away from the farm. As we go into winter 2016/2017 and the darker nights there is the potential for a spike in burglaries.

Local officers will attempt to visit every outbuilding burglary to conduct enquiries, offer crime prevention advice and sign up potentially vulnerable premises to the 'Stop Thief' initiative.

Anti Social Behaviour in Bishops Castle park. Over the summer/autumn months the park had been subject to anti social behaviour including vandalism and broken glass being left in the play area. It's believed being caused by a small gang of youths from the Community College. Regular patrols will continue throughout the winter months after school in the evenings.

PREVENTING THEFT FROM FARMS & OUTBUILDINGS

Around your farm yard, in your barns and outbuildings there is valuable equipment that will appeal to thieves e.g. power tools, quad bikes, machinery, diesel and old batteries. Isolated buildings, machinery and livestock present the greatest risk.

Tips to consider

- Make sure valuable equipment is stored in a secure building behind a strong locked door, or use a metal cage and keep it locked when unattended.
- When not in use, lock doors to outbuildings at all times. If equipment is in a barn or rick yard secure it with gates, an alarm or security beams.
- Windows can be an open invitation to thieves - protect them with metal bars or grilles.
- Check fences and hedges to identify weak spots that could provide unauthorised access to criminals or vehicles and secure where necessary.
- Install security lighting around yards, outbuildings and isolated locations.
- If you have gateways or access points that are not in regular use place a barrier such as a tree trunk or concrete block across the entrance.
- Visibly mark your machinery and tools such as spraying your postcode on trailers - this not only acts as a deterrent to thieves but also helps the police reunite stolen property to the rightful owners if it is recovered. Keep a list of tools, together with serial numbers and any identifying marks. You can do this at www.immobilise.com
